## Day 1: Monday, 21st November 2022

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
07h00	90	Registration			
08h30	15	Welcome (Chairman PAOCC)			
08h45	10	Opening VIP address			
08h55	5	Announcements			
09h00	60	<b>P01: Raptors in a changing world: understanding the response of predators to increasing urbanisation</b> Petra Sumasgutner			
10h00	30	Coffee break			
10h30 - 12h00		<b>S01: Tracking migrants to reveal the diversity of spatiotemporal strategies and ultimately understand the ecology of migration</b> Convenor: Kasper Thorup	<b>S02: Wetlands and waterbirds</b> Convenors: Tim Dodman, Achilles Byaruhanga and Khady Gueye Fall	<b>S03: Raptors and the Anthropocene</b> Convenors: Kailen Padayachee and Petra Sumasgutner	<b>S04: Nature conservation and the arts in Africa</b> Convenor: Daniel Flenley
10h30	15	<b>S01-01: Once a migrant always a migrant</b> Kasper Thorup	<b>S02-01: Modelling Okavango Delta Wattled Crane population for conservation decision making</b> Charles Mpofo	<b>S03-01: Conservation status of raptors in South Africa: exploring the use of SABAP2 trends to build a National Raptor Indicator</b> Arjun Amar	<b>S04-01: Flying high: birds in the rock art of southern Africa</b> Paul Hubbard
10h45	15	<b>S01-02: Within- and between-individual variation in migration strategies: What is the confounding effect of age?</b> Christoph M. Meier	<b>S02-02: Local community engagement has brought hope for endangered Grey Crowned Crane in Lake Ol' Bolossat, Kenya</b> George Ndung'u Muigai	<b>S03-02: Martial Eagles on the line: the enigma of tree-nesters in a treeless landscape</b> Gareth J. Tate	<b>S04-02: The science of photography in the art of research</b> Samuel Temidayo Osinubi
11h00	15	<b>S01-03: The difference between observed and potential migratory connectivity and why this is fundamental for understanding migrant birds' response to climate change</b> Will Cresswell	<b>S02-03: Conservation status of cranes and wetland habitats in the Driefontein Grasslands, Zimbabwe</b> Togarasei Fakarayi	<b>S03-03: Martial Eagle <i>Polemaetus bellicosus</i> kill rates, prey biomass removal and their relevance as top predators</b> Richard Stratton Hatfield	<b>S04-03: Why do birds incorporate anthropogenic materials into their nests?</b> Juan Diego Ibáñez-Álamo
11h15	15	<b>S01-04: The potential of multi-sensor geolocators to study short-distance Afrotropical migrants</b> Raphaël Nussbaumer	<b>S02-04: Grey Crowned Crane (<i>Balearica regulorum</i>) monitoring in Kagera wetlands, Tanzania: 2021/2022 report.</b> Emmanuel Mгимwa	<b>S03-04: Eagle reproductive strategies in an African metropolis</b> Shane McPherson	<b>S04-04: Birds &amp; people: life in ancient Zimbabwe intertwined</b> Paul Hubbard
11h30	15	<b>S01-05: Migratory soaring birds and the stories they tell</b> Khaled El Noby	<b>S02-05: The effectiveness of conservation interventions from long-term aerial monitoring of three crane species in KwaZulu-Natal, South Africa</b> Lara Jordan	<b>S03-05: Mauritius Kestrel: from near-extinction to National Bird!</b> Vikash Tatayah	<b>S04-05: Saving <i>Picathartes</i> with spraypaint: The role of in situ arts practices in driving conservation understanding, action and change</b> Daniel Flenley
11h45	15	<b>S01-06: Paternal transmission of migration knowledge in Caspian Terns</b> Patrik Byholm	<b>S02-06: The White-winged Flufftail Conservation Project: three decades of saving Africa's most threatened waterbird</b> Kyle J. Lloyd	<b>S03-06: Repeat road surveys of raptors in southern Botswana – quantifying abundance and exploring drivers of changes</b> Rochelle Mphetlhe	<b>S04-06: Craft, birds and grasslands: climate action and conservation of endangered birds through wool art</b> Samuel Bakari
12h00	90	Lunch			

## Day 1: Monday, 21st November 2022

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
13h30	60	<b>P02: Sustainable agriculture in a period of unprecedented biodiversity loss</b> Hope Ovie Usieta			
14h30 - 16h00		<b>S01 (contd): Tracking migrants to reveal the diversity of spatiotemporal strategies and ultimately understand the ecology of migration</b> Convenor: Kasper Thorup	<b>S05: Impacts of renewable energy, and the rapid electrification of Africa on bird populations</b> Convenors: Alvaro Camina and Sam Ralston	<b>S03 (contd): Raptors and the Anthropocene</b> Convenors: Kailen Padayachee and Petra Sumasgutner <b>S06: Developing capacity of early-career conservation leaders in Africa (in grey)</b> Convenors: Julius Arinaitwe and Sherilyn Bos	<b>S07: Plight of African hornbills and conservation innovation</b> Convenor: Lucy Kemp
14h30	15	<b>S01-07: The wintering and migration ecology of Common Whitethroats (<i>Sylvia communis</i>) in Nigeria</b> Claudia Tapia-Harris	<b>S05-01: Lessons from a decade of tackling wind power-wildlife impacts in South Africa</b> Samantha Ralston-Paton	<b>S03-07: A population viability analysis of pylon-nesting Martial Eagles in South Africa</b> Jane E. Doherty	<b>S07-01: The state of hornbill conservation in Africa and proven conservation tools</b> Lucy Kemp
14h45	15	<b>S01-08: The non-breeding ecology of Tree Pipit (<i>Anthus trivialis</i>) in and around Amurum Forest Reserve, Jos, Nigeria</b> Taiwo Adeyemi Adams	<b>S05-02: Using GPS tracking to understand and map wind turbine collision risk for raptors</b> Meg Murgatroyd	<b>S03-08: Assessing heavy metal concentrations in the migratory Amur Falcon (<i>Falco amurensis</i>)</b> Kailen Padayachee	<b>S07-02: Poaching, deforestation, and forest hornbill declines in Ghana, West Africa</b> Nico Arcilla
15h00	15	<b>S01-09: Drivers of cross-continental movements of migratory Wahlberg's Eagles (<i>Hieraetus wahlbergi</i>)</b> Ralph Buij	<b>S05-03: Energy infrastructure as a key threat to migratory soaring birds in eastern Africa</b> Jacob Tukai	<b>S06-01: Collaboration through birds: empowering communities to connect with nature and provide information for research and conservation</b> Ian Davies	<b>S07-03: Cultural perceptions and associated conservation implications for Southern Ground hornbill in South Africa</b> Patience Shito
15h15	15	<b>S01-10: Home-range behaviour of Pied Flycatchers (<i>Ficedula hypoleuca</i>) in relation to small-scale vegetation green-up within a non-breeding site</b> Wender Bil	<b>S05-04: Bird electrocution in Morocco: cases studies and the quest for solutions</b> Mohamed Amezian	<b>S06-02: How a free app leads to impactful research and conservation tools</b> Eliot Miller	<b>S07-04: Spatial distribution and population density of Southern Ground-hornbill in Hwange National Park main camp area and surrounding forest area</b> Antony Antonio
15h30	15	<b>S01-11: Fuel in a dynamic retreat: how seasonality in Ivory Coast shapes annual-cycle decisions of the Afro-Palearctic migrat, the Pied Flycatcher</b> Janne Ouwehand	<b>S05-05: Active turbine management program in the Gulf of Suez (GoS): where challenges and success meet</b> Ali Khazma	<b>S06-03: An Open Online Course on African waterbirds identification and monitoring : current progress and perspectives</b> Julien Birard	<b>S07-05: Southern Ground-hornbills boom to their own beat - vocal signatures and the role of chorus vocalisations in the territorial defence of a large cooperative breeder</b> Kyle-Mark Middleton
15h45	15	<b>S01-12: Migratory birds and land use change in Ghana</b> Joseph Afrifa	<b>S05-06: Strategic proactive landscape planning to avoid and minimise the impacts of renewable energy development</b> Lourens Leeuwner	<b>S06-04: A model for youth engagement and inclusivity in avian conservation: the case of Mat'land Chirpers</b> Joan F. Banda	<b>S07-06: Using citizen science to monitor a low-density widespread species</b> Lucy Kemp
16h00	30	Coffee break			
16h30-18h30	120	<b>R01: Sharing lessons on promoting conservation and responding to development pressure at Africa's iconic sites (IBAs/KBAs)</b> Leaders: Ken Mwathe and Bronwyn Maree	<b>R02: Birding apps and the use of technology in bird conservation</b> Leader: John Caddick	<b>R03: Developing capacity of early-career conservation leaders in Africa</b> Leaders: Julius Arinaitwe & Sherilyn Bos	<b>R04: Making ornithology accessible, inclusive and diverse</b> Leader: Merlyn Nomusa Nkomo
18h30		End of day			

**Day 2: Tuesday, 22nd November 2022**

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
08h30	30	Announcements and welcome address			
09h00	60	<b>P03: The fortunes of migratory birds from Eurasia: being on a tightrope in the Sahel</b>			
10h00	30	Coffee break			
10h30 - 12h00		<b>S02 (contd): Wetlands and waterbirds</b> Convenors: Tim Dodman, Achilles Byaruhanga and Khady Gueye Fall	<b>S08: CMS Vulture MsAP: Implementation in sub-Saharan Africa - an assessment of progress</b> Convenor: Andre Botha	<b>S09: Integrating science, policy and development to address unsustainable land use linked to African-Eurasian migrant landbird declines</b> Convenor: Samuel Temidayo Osinubi	<b>S10: Forest and woodland in a changing world: challenges for biodiversity conservation</b> Convenors: Tiwonge I. Mzumara-Gawa & Anthony Cizek
10h30	15	<b>S02-07: Exploratory study of waterbirds subsistence hunting practices in Lake Fitri, Chad</b> Sébastien Le Bel	<b>S08-01: The CMS Multi-species Action Plan for African-Eurasian Vultures - a Pan-African context</b> Andre Botha	<b>S09-01: The decline of African-Eurasian migrant landbirds: the implications of recent research insights for conservation science and action</b> Phil Atkinson	<b>S10-01: Case for a new Mopane vegetation map for southern Africa</b> Tiwonge I. Mzumara-Gawa
10h45	15	<b>S02-08: Significant numbers of waterbirds overwinter on the Moroccan Atlantic Saharan Coast – the case of Dakhla Bay</b> Imad Cherkaoui	<b>S08-02: Progress, achievements and challenges of the MsAP implementation by the BirdLife Africa Partnership</b> Salisha Chandra	<b>S09-02: A roadmap to conserve Afro-Palearctic migratory landbirds</b> Alain Jacot	<b>S10-02: Observations on methodology for appraising avian biodiversity in southern African woodland habitats</b> Ngoni Chiweshe
11h00	15	<b>S02-09: Emerging insights into the population ecology of the Saddlebill in western Zambia</b> Jonah Gula	<b>S08-03: Addressing Rüppell's Vulture conservation in the Mediterranean region: a contribution to the implementation of the CMS Vulture MsAP</b> José Rafael Garrido López	<b>S09-03: AEMLAP Abuja Declaration: a Nigerian perspective on progress</b> Joseph Onoja	<b>S10-03: Zimbabwe's threatened avifaunas of wooded habitats</b> Anthony Cizek
11h15	15	<b>S02-10: Current status of wader population in Madagascar</b> Rivo Rabarisoa	<b>S08-04: Vulture research and conservation in Morocco: assessment of progress</b> Mohamed Amezian	<b>S09-04: International cooperation links revealed by migratory landbirds and raptors tracked along the African-Eurasian flyway</b> Joao L Guilherme	<b>S10-04: Impact of informal timber harvesting on habitat structure and bird assemblages in a coastal forest of the Eastern Cape, South Africa</b> Jessica Leaver
11h30	15	<b>S02-11: Diversité des oiseaux limicoles pendant la migration postnuptiale dans les mangroves du Complexe Mahavavy-Kinkony, nord-ouest de Madagascar</b> Andriah Laingo Rakotomavo	<b>S08-05: Trade in vulture parts in West Africa: Burkina Faso may be one of the main sources of vulture carcasses</b> Clément Dabone	<b>S09-05: Conserving birds through landscapes through UNESCO International designations: a case of Kenya</b> George Were Eshiamwata	<b>S10-05: Nest boxes as a conservation tool in Zambeian mopane woodlands</b> Tamara Chirwa
11h45	15	<b>S02-12: Wintering Osprey census in Senegal as a tool for science, education and improved wetland conservation</b> Wendy Ann Strahm	<b>S08-06: Breeding success of Cape Vultures (<i>Gyps coprotheres</i>) at colonies in the Tswapong Hills, Botswana</b> Tsaone Goikantswemang	<b>S09-06: Tree planting and contribution to biodiversity and human livelihoods</b> Georges Bazongo	<b>S10-06: Drinking pool choice by Black-cheeked Lovebirds indicates a major future management challenge</b> Chaona Phiri
12h00	90	Lunch			

**Day 2: Tuesday, 22nd November 2022**

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
13h30 - 16h00		<b>S02 (contd): Wetlands and waterbirds</b> Convenors: Tim Dodman, Achilles Byaruhanga and Khady Gueye Fall	<b>S08 (contd): CMS Vulture MsAP: Implementation in sub-Saharan Africa - an assessment of progress</b> Convenor: Andre Botha	<b>S09 (contd): Integrating science, policy and development to address unsustainable land use linked to African-Eurasian migrant landbird declines</b> Convenor: Samuel Temidayo Osinubi	<b>S11: Species conservation</b> Convenor(s):
13h30	15	<b>S02-13: Waterbird communities respond to large mammal use of waterpans in semi-arid savannas: perspectives for conservation trade-offs when managing surface water in and around protected areas</b> Tawanda Tarakini	<b>S08-07: Feeding ecology of African vultures and attitudes and perceptions of rural and urban communities towards vultures</b> Domingas Matlombe	<b>S09-07: Using tracking data to identify areas of importance for the conservation of African-Eurasian migratory landbirds, raptors and storks</b> Joao L Guilherme	<b>S11-01: The search for lost birds in Africa: what species are missing and how you can help find them?</b> John Mittermeier
13h45	15	<b>S02-14: How environmental changes due to anthropogenic factors and a changing climate are affecting waterbirds in the Senegal River Delta</b> Cheikh Tidiane Koulibaly	<b>S08-08: Comoé National Park, a refuge for critically endangered vulture species in West Africa?</b> Volker Salewski	<b>S09-08: The role of remote sensing in understanding migratory landbird declines</b> Alison Beresford	<b>S11-02: The influence of forest characteristics on avian species richness and functional diversity in Southern Mistbelt Forests of South Africa</b> Silindile Thobeka Gumede
14h00	15	<b>S02-15: Strong increase in fishing intensity on Lake Fitri (Chad) may put additional pressure on waterbird future</b> Nicolas Carenton	<b>S08-09: Population density and reproductive habitat suitability of critically endangered vultures in Mole National Park, Ghana</b> Sandra Goded	<b>S09-09: Non-breeding habitat use by the rapidly declining Pied Flycatcher (<i>Ficedula hypoleuca</i>) in a West African savanna habitat</b> Israel Adedeji Bolade	<b>S11-03: Worrying trend from a long-term demographic studies of Taita Apalis (<i>Apalis fuscicularis</i>), a Critically Endangered bird at the brink of extinction</b> Lawrence Wagura Gikaria
14h15	15	<b>S02-16: Management of hunting data via KoBoCollect - two year assessment of gathering hunting records in the Senegal River Delta</b> Sébastien Le Bel	<b>S08-10: Halting decline of African vultures in Niger and Chad</b> Violeta Barrios	<b>S09-10: Passerines and pesticides in African farmland – migrants and resident species</b> Jan-Dieter Ludwigs	<b>S11-04: A reviewed distribution of the endemic Fox's Weaver (<i>Ploceus spekoides</i>) calls for an urgent reassessment of its conservation status</b> Jonathan Onongo
14h30	15	<b>S02-17: Bird diversity, threats, and conservation plan in Northern Lakes, Egypt</b> Basma Sheta	<b>S08-11: Declines in scavenging by endangered vultures in the Horn of Africa</b> Evan Buechley	<b>S09-11: Arrival time and habitat preference of migratory birds in a peri-urban area in northern Ghana</b> Samuel Boakye Yiadom	<b>S11-05: Conservation threats and public knowledge of Galliformes in Didessa River Valley, western Ethiopia</b> Yihenev Aynalem
14h45	15	<b>S02-18: Seasonal variation in species richness and abundance of waterbirds in the suburbs of Asmara City, Eritrea</b> Russom T. Tewelde	<b>S08-12: Human perceptions of and threats to vultures in Ethiopia</b> Alazar Daka Ruffo	<b>S09-12: Habitat changes affecting the Blue Swallow (<i>Hirundo atrocaerulea</i>) in Nyanga Important Bird and Biodiversity Area, Zimbabwe: a spatial and temporal analysis</b> Shingirai Sakarombe	<b>S11-06: Foraging behaviour of the Sooty Albatross in relation to climatic variability and fisheries</b> Shamiso Banda
		Session continues on next page	Session continues on next page	Session continues on next page	Theme changes with next talk

**Day 2: Tuesday, 22nd November 2022**

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
13h30 - 16h00		<b>S02 (contd): Wetlands and waterbirds</b> Convenors: Tim Dodman, Achilles Byaruhanga and Khady Gueye Fall	<b>S08 (contd): CMS Vulture MsAP: Implementation in sub-Saharan Africa - an assessment of progress</b> Convenor: Andre Botha	<b>S09 (contd): Integrating science, policy and development to address unsustainable land use linked to African-Eurasian migrant landbird declines</b> Convenor: Samuel Temidayo Osinubi	<b>S12: BirdMap: A bird atlas protocol for all of Africa (in grey)</b> Convenor: Michael Brooks
15h00	15	<b>S02-19: Black rat control in mangroves</b> Steeve Mathieu	<b>S08-13: Identifying priority high-risk areas for anti-poison work for the conservation of endangered vultures</b> Natasha Peters	<b>S09-13: Integration and monitoring of biodiversity, habitat, and ecosystem services within the Great Green Wall initiative</b> Geoffroy Citegetse	<b>S12-01: The Southern African Bird Atlas Project 2: progress, trends and outputs</b> Ernst F Retief
15h15	15	<b>S02-20: Modalités d'utilisation des bas-fonds rizicoles aménagés par les populations d'oiseaux d'eau dans le district de Yamoussoukro, Côte d'Ivoire</b> Saint Guillaume Kadio Odoukpe	<b>S08-14: Saving Kenya's vultures: what's being done and what lies ahead</b> Darcy Ogada	<b>S09-14: Expérience de Naturama dans la gestion des parcs agroforestiers au Burkina Faso</b> Adama Nana	<b>S12-02: Spatial and temporal patterns of use of BirdMap data since 2007</b> Alan Lee
15h30	15	<b>S02-21: Does Ramsar site designation alone result in improved species and site conservation? Experiences from Uganda</b> Achilles Byaruhanga	<b>S08-15: Using vultures to establish an early warning system for wildlife poisonings</b> Tom Riffel	<b>S09-15: Kenya</b> Paul Gacheru Macharia	<b>S12-03: Developing citizen science in Africa: lessons &amp; experiences from Nigeria</b> Talatu Tende
15h45	15	<b>S02-22: A comparison of habitat quality for the African Skimmer (<i>Rynchops flavirostris</i>), in the aquatic environs of the Zambezi Valley, Zimbabwe using species foraging time budgets and foraging durations</b> Pioneer Taashwa Gamundani	<b>S08-16: Social information transfer facilitates detection of large carcasses – a case study using White-backed Vultures</b> Teja Curk	<b>S09-16: Migrants between Africa and Eurasia: migratory patterns, physical conditions and migratory connectivity as indicators of environmental problems in the framework of climate change and habitat restoration initiatives</b> Fernando Spina	<b>S12-04: Evolution in species distribution in Kenya – a comparison of the Kenya Bird Atlas (1970-1984) and recent citizen science data (2000-2020)</b> Raphaël Nussbaumer
16h00	30	Coffee break			
16h30-18h30	120	<b>R05: Vulture Conservation Forum and Vulture Safe Zones</b> Leaders: Salisha Chandra and Hanneline Smit-Robinson	<b>R06: Waterbirds and the East Atlantic Flyway</b> Leaders: Tim Dodman, Achilles Byaruhanga and Khady Gueye Fall	<b>R07: Integrating science, policy and development to address unsustainable land use linked to African-Eurasian migrant landbird declines</b> Leader: Samuel Temidayo Osinubi	<b>R08: The African Bird Atlas Project - European ornithology's greatest need</b> Leader: Ulf Ottosson
18h30		End of day			

**Day 4: Thursday, 24th November 2022**

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
08h30	30	Announcements and welcome address			
09h00	60	P04: Climate change leadership in ornithology and habitat preservation in a changing environment			
10h00	30	Coffee break			
10h30 - 12h00		<b>S13: Vulture Safe Zones</b> Convenor: Hanneline Smit-Robinson	<b>S14: Bird monitoring to support decision making and reporting to MEAs</b> Convenors: Humbu Mafumo, Gwawr Jones and Sarah Scott	<b>S15: African heron research and conservation: global linkages, local impacts</b> Convenor: Doug Harebottle	<b>S16: Parasitism and mutualism</b> Convenor: <b>S17: Bioacoustics (in grey)</b> Convenor:
10h30	15	<b>S13-01: Declaration of world's first genuinely safe Vulture Safe Zone in Nepal</b> John W. Mallord	<b>S14-01: Bird monitoring in Africa: present, state and future prospects</b> Phil Atkinson	<b>S15-01: HeronryMAP: Africa mapping the status and distribution of heronries in Africa, and conservation implications</b> Douglas M. Harebottle	<b>S16-01: Sleeping with the enemy: Pygmy Falcons provide colony defence but inflict apparent direct costs on their Sociable Weaver hosts</b> Robert L. Thomson
10h45	15	<b>S13-02: Home range and Vulture Safe Zones: a continent-wide perspective on three Gyps vultures</b> Corinne, Kendall	<b>S14-02: The role of bird monitoring data in the functioning and implementation of multilateral conservation instruments</b> Melissa Lewis	<b>S15-02: Waterbird and ecosystem monitoring using drones and citizen science</b> Roxane J Francis	<b>S16-02: The costs and benefits of hosting a Sociable Weaver nest: mutualism or parasitism?</b> Timothy Khan, Aikins
11h00	15	<b>S13-03: The Vulture Safe Zone Initiative - creating safe havens for endangered vultures: successes and lessons learnt in Zambia</b> Mary Malasa	<b>S14-03: UK applications of bird monitoring data: from data collection to policy action</b> Sarah E. Scott	<b>S15-03: Spatio-temporal distribution of the Madagascar Pond-heron (<i>Ardeola idea</i>) inside the Protected Area of Mahavavy Kinkony in Madagascar</b> Rivo Rabarisoa	<b>S16-03: Does it pay the African Cuckoo to parasitise an aggressive host?</b> Mairenn, Attwood
11h15	15	<b>S13-04: Priority areas for vulture conservation in the Horn of Africa largely fall outside the protected area network</b> Evan Buechley	<b>S14-04: Merlin Bird ID: leveraging citizen science data to empower the birding community</b> Cullen Hanks	<b>S15-04: Improving knowledge about habitat requirement of Madagascar Pond-heron (<i>Ardeola idea</i>) in Mayotte by telemetric monitoring</b> Emilien Dautrey	<b>S16-04: When perfect isn't good enough: host egg signatures are an effective defence against high-fidelity cuckoo mimicry</b> Jess Lund
11h30	15	<b>S13-05: Implementing Vulture Safe Zones in southern Africa: gaining ground with landowners to enhance the conservation of the regions declining vultures</b> Gareth J. Tate	<b>S14-05: Improved methods and spatial extension of international waterbird census in the Sahel allow new population estimates</b> Pierre Defos du Rau	<b>S15-05: Urban ecology of heronries birds in Kerala, India</b> Ramesh Roshnath	<b>S17-01: Continent-wide patterns of song variation in tinkerbirds predicted by classical rules of biogeography</b> Alexander N.G. Kirschel
11h45	15	<b>S13-06: Vulture Safe Zone implementation in Zimbabwe: lessons from Gwayi Environmental Conservation Area</b> Fadzai, Matsvimbo	<b>S14-06: The IUCN Red List assessment of the conservation status of birds of prey in North Africa: an indicator of the influence of human activities on the conservation of raptors</b> José Rafael Garrido López	<b>S15-06: Spatial distribution and communal roosting sites of Great Egret (<i>Ardea modesta</i>) in North Central Selangor Coast, Malaysia</b> Choon Min, See	<b>S17-02: Varying acoustic behaviours in urban environment: a case study of tropical passerine birds</b> Dickson Anoibi Matthew
12h00	90	Lunch			

**Day 4: Thursday, 24th November 2022**

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
13h30 - 16h00		<b>S18: Poison response training for bird conservation: developing best practices</b> Convenor: Corinne Kendall	<b>S14 (contd): Bird monitoring to support decision making and reporting to MEAs</b> Convenors: Humbu Mafumo, Gwawr Jones and Sarah Scott	<b>S19: West African birds as indicators of biodiversity</b> Convenor: Nico Arcilla	<b>S20: Human and honeyguide interactions</b>
13h30	15	<b>S18-01: Using the African Wildlife Poisoning Database and other measures to reduce the impact of poisoning on African vultures and other wildlife</b> Andre Botha	<b>S14-07: The potential of geolocators as a tool for tropical seabird monitoring: the example of Red-billed Tropicbird <i>Phaethon aethereus</i></b> Ngoné Diop	<b>S19-01: Logging, tropical forests, and declining forest birds in West Africa</b> Nico Arcilla	<b>S20-01: Culturally-determined interspecies communication between honeyguides and humans</b> Claire Spottiswoode
13h45	15	<b>S18-02: Addressing poisoning in southern Tanzania</b> Claire Bracebridge	<b>S14-08: Shrinking or expanding? Rapid monitoring of the habitat extent of Blue Swallow habitat using Google Earth Engine cloud-based platform</b> Kundai Ropafadzo Dube	<b>S19-02: Sensitivity of Afrotropical bird communities to forest loss in Ghana and Zambia</b> Joseph Tobias	<b>S20-02: Safeguarding a mosaic of mutualism between honeyguides and humans</b> Jessica E.M. van der Wal
14h00	15	<b>S18-03: The Coexistence Co-op: ending wildlife poisoning through community-based training and networking</b> Darcy Ogada	<b>S14-09: A South Africa Biodiversity Data Pipeline for wetlands and waterbirds (BIRDIE)</b> Nancy Job	<b>S19-03: Functional structure of avian assemblages along elevation of Mt. Cameroon, west-central Africa</b> David Hořák	<b>S20-03: The present and future of honeyguide-human mutualism across four human cultures of northern Tanzania</b> Eliupendo Laltaika
14h15	15	<b>S18-04: Community engagement in vulture conservation in the southern rangelands of Kenya</b> Paul Gacheru Macharia	<b>S14-10: First national assessment of population and threats of diurnal cliff-nesting birds of prey in Morocco</b> José Rafael Garrido López	<b>S19-04: Contrasting patterns in elevational zonation between tropical forest bird communities of Mt. Cameroon, west-central Africa and Mt. Wilhelm, Papua New Guinea</b> Riccardo Pernice	<b>S20-04: Does the remarkable guiding call of the Greater Honeyguide develop from its begging call?</b> Cameron James Blair

## Day 4: Thursday, 24th November 2022

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
13h30 - 16h00		<b>S18: Poison response training for bird conservation: developing best practices</b> Convenor: Corinne Kendall	<b>S14 (contd): Bird monitoring to support decision making and reporting to MEAs</b> Convenors: Humbu Mafumo, Gwawr Jones and Sarah Scott	<b>S19: West African birds as indicators of biodiversity</b> Convenor: Nico Arcilla	<b>S21: Foraging ecology and biogeography (in grey)</b> Convenor:
14h30	15	<b>S18-05: Poison intervention training – spaces, opportunities and measuring impact</b> Campbell Murn	<b>S14-11: The Bird Population Monitoring Scheme: using data from citizen science to inform bird conservation in Uganda</b> Dianah Nalwanga	<b>S19-05: Conservation assessment of birds of Fazao-Malfakassa National Park, Togo</b> Olivier Boissier	<b>S21-01: The role of frugivorous birds on seed dispersal of an invasive alien plant <i>Pyreanthes angustifolia</i></b> Lehlohonolo Donald Adams
14h45	15	<b>S18-06: Tackling lead toxicosis in wildlife at a national scale: a South African case study</b> Lucy Kemp	<b>R09: Bird monitoring to support decision making and reporting to MEAs</b> Leaders: Humbu Mafumo, Gwawr Jones and Sarah Scott	<b>S19-06: Habitat management implications: are the environmental correlates of nocturnal birds abundance and richness similar to diurnal birds in the same environment?</b> Adams A. Chaskda	<b>S21-02: Does roadkill influence the abundance and breeding output of Pied Crows in the Karoo, South Africa</b> Temitope Adelola
15h00	15	<b>S18-07: Lead poisoning may not contribute to power line collisions amongst African White-backed and Cape Vultures in South Africa</b> Caroline Grace Hannweg		<b>S19-07: GIS evaluation and assessment of habitat degradation on avian species diversity in Osogbo, Nigeria</b> Akinleye Oyegbami	<b>S21-03: Separating the pollinators from the thieves: asymmetrical specialisation for generalist-bird pollination in a multifloral succulent</b> Kyle J. Lloyd
15h15	15	<b>S18-08: Lead poisoning in South Africa's <i>Gyps</i> Vultures: prevalence and sub-lethal impacts</b> Linda van den Heever		<b>S19-08: Understanding the current and potential future geographic distributions of the endangered Timneh and Grey Parrots under climate change</b> Benedictus Freeman	<b>S21-04: Continental-wide carotenoid-based plumage colouration in <i>Pogoniulus</i> tinkerbirds</b> Alexander N.G. Kirschel
15h30	15	<b>S18-09: Electrocutation and poisoning likely to be major threats to Egyptian Vultures in Ethiopia</b> Samson Zelleke Belachew		<b>S19-09: Urbanisation affects Nigerian bird communities: evidence from taxonomic and functional diversity</b> Adewale G. Awoyemi	<b>S21-05: Using DNA metabarcoding to decipher the diet and pest regulating potential of Afrotropical bird species</b> Adam Devenish
15h45	15			<b>S19-10: Decline and fragmentation of the Marabou Stork population in West Africa</b> Jonah Gula	<b>S21-06: Sperm size variation among Afrotropical songbirds reflects phylogeny rather than adaptations to the tropical environment</b> Taiwo Crossby Omotoriogun
16h00	30	Coffee break			
16h30-18h30	120	<b>R10: Going, going, gone: tackling the illegal killing of birds for belief-based use</b> Leaders: Salisha Chandra and Darcy Ogada	<b>R11: Community involvement in avitourism, ornithological research, and bird conservation</b> Leader: Andrew de Blocq	<b>R12: Long-term conservation action plan for Secretarybirds</b> Leader: Melissa Whitecross	<b>R13: Bird ringing in Africa</b> Leader: Dieter Oschadleus
18h30		End of day			

**Day 5: Friday, 25th November 2022**

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
08h30	30	Announcements and welcome address			
09h00	60	<b>P05: Differing priorities in the timing of annual life history events</b> Chima Josiah Nwaogu			
10h00	30	Coffee break			
10h30 - 12h00		<b>S22: Innovation in vulture conservation: a socio-environmental perspective</b> Convenors: William Bowerman and Linda van den Heever	<b>S23: Avian life history seasonality in changing African environments</b> Convenors: Chima Nwaogu, Elizabeth Yohannes, Joseph Mwangi Muthahi and Barbara Helm	<b>S24: Urban wetland conservation management - goals, experiences and challenges</b> Convenor: Robert Cunliffe	<b>S25: Conservation and demographics</b> Convenor:
10h30	15	<b>S22-01: Innovation in vulture conservation: a socio-environmental perspective</b> William Bowerman	<b>S23-01: Avian seasonality in different environments: conceptual thoughts and introduction to patterns</b> Barbara Helm	<b>S24-01: Overview of urban wetlands in Africa, with a focus on headwater wetlands using Harare as an example</b> Robert N. Cunliffe	<b>S25-01: Bottom-up or top-down approach to biological conservation?</b> Martin Mwangi
10h45	15	<b>S22-02: Reciprocity in human-vulture relationships: ecosystem services, environmental health, and species protection</b> L. Jen Shaffer	<b>S23-02: Taking the heat: body temperature limits of African birds in a rapidly warming climate</b> Andrew McKechnie	<b>S24-02: Monavale Vlei Ramsar Site – a model for urban open grassland headwater wetland biodiversity restoration, protection and research</b> Dorothy Wakeling	<b>S25-02: Who benefits from the rich? Differential responses of avian functional guilds to socioeconomics of urban areas in a developing country</b> Miqkayla, Stofberg
11h00	15	<b>S22-03: The role of vultures within the One Health conceptual framework</b> Linda van den Heever & Hanneline Smit-Robinson	<b>S23-03: Faecal metabarcoding as a tool to study seasonal changes in the diet of Afrotropical residents &amp; migrants</b> Crinan Jarrett	<b>S24-03: Effective tools for urban wetland conservation</b> Julia Pierini	<b>S25-03: Patterns in bird communities studies in sub-Saharan Africa</b> Andres Angulo-Rubiano
11h15	15	<b>S22-04: Engaging communities to save vultures</b> Salisha Chandra	<b>S23-04: Seasonality at the equator: isotope signatures and moult phenology in non-migratory birds</b> Elizabeth Johannes	<b>S24-04: The key role of local communities in urban wetland conservation</b> Ronald Chirimuta	<b>S25-04: Forest loss and fragmentation are major drivers of biodiversity decline globally</b> Samukelisiwe Ngcobo
11h30	15	<b>S22-05: A conservation criminology-based desk assessment of vulture poisoning in the Great Limpopo Transfrontier Conservation Area</b> Andre Botha	<b>S23-05: Moulting in the annual cycle of African passerine birds: how adaptable is this process?</b> Adrian J.F.K. Craig	<b>S24-05: The Ramsar Wetland City Accreditation scheme – promoting city engagement and visibility on wetland conservation</b> Denis Francis Landenbergue	<b>S25-05: The impact of timber harvesting on nest site availability for the Cape Parrot (<i>Poicephalus robustus</i>) in southern mistbelt forests of the Eastern Cape, South Africa</b> Jessica Leaver
11h45	15	<b>S22-06: Conservation considerations of threatened vultures in Africa using the open standards model</b> Reginal M. Harrell	<b>S23-06: Exploring the use of historic nest record cards in South Africa to examine changes in bird breeding phenology</b> Rebecca Muller	<b>S24-06: Photography as a tool for public engagement, towards urban wetland conservation in Lagos, Nigeria</b> Esther Nosazeogie	<b>S25-06: Population trend and distribution of a highland grassland bird in a changing habitat</b> Samuel Bakari
12h00	90	Lunch			

**Day 5: Friday, 25th November 2022**

Time	Duration	Kalala Room	Gwayi Room	Matetsi Room	Kazuma Room
13h30	60	<b>P06: Behaviour and the impacts of climate change on desert birds</b> Susan J. Cunningham			
14h30 - 16h00		<b>S08 (contd): CMS Vulture MsAP: Implementation in sub-Saharan Africa - an assessment of progress</b> Convenor: Andre Botha	<b>S23 (contd): Avian life history seasonality in changing African environments</b> Convenors: Chima Nwaogu, Elizabeth Yohannes, Joseph Mwangi Muthahi and Barbara Helm	<b>S26: Flamingos in a changing world</b> Convenor: Catherine King	<b>S25 (contd): Conservation and demographics</b> Convenor:
14h30	15	<b>S08-17: Using GPS tracking data to explore diet of African vultures in Botswana</b> Charles Mpofo	<b>S23-07: The influence of rainfall on the Verreaux's Eagle and its prey species in Matobo, Zimbabwe</b> Merlyn Nomusa Nkomo	<b>S26-01: The IUCN-SSC Flamingo Specialist Group (FSG)- how can it help?</b> Catherine King	<b>S25-07: Avian diversity based on habitat and altitude in five localities of Bale Mountains, south-east Ethiopia</b> Alazar Daka, Ruffo
14h45	15	<b>S08-18: Poaching, trade and role of Critically Endangered vulture species in traditional medicine in Côte d'Ivoire (West Africa)</b> Asso Armel Asso	<b>S23-08: Seasonal variation in the breeding phenology of Africa's smallest diurnal raptor – the Pygmy Falcon</b> Olufemi Olubodun	<b>S26-02: The use of image classification to estimate flamingo abundance from aerial and satellite imagery: implications for conservation management</b> Ernst F. Retief	<b>S25-08: Dynamics and reproduction of Black-winged Stilts (<i>Himantopus himantopus</i>) in the Niayes urban wetland in Dakar</b> Aïssatou Yvette Diallo
15h00	15	<b>S08-19: Vultures and belief-based use in Zimbabwe</b> Josephine Mundava-Maringa	<b>S23-09: Migration pattern of Palearctic migrants in Africa: inference from a constant effort site (CES) ringing data</b> Yahkat, Barshep	<b>S26-03: Movement strategies of Lesser Flamingos in southern Africa</b> Matt Pretorius	<b>S25-09: Diversity and abundance of waterbirds on rice fields in Uganda</b> Sarah Nachuha
15h15	15	<b>S08-20: VISA4Vultures – the vulture initiative for sub-Saharan Africa: an update on MsAP targets</b> Campbell Murn	<b>S23-10: Compensation for missed opportunity costs at high temperatures</b> Benjamin Murphy	<b>S26-04: Flamingo conservation at Kamfers Dam, South Africa: successes and challenges</b> Melissa Lewis	<b>S25-10: Control of invasive aquatic alien plant species (<i>Salvinia molesta</i>) in Zambia</b> Swithin, Kashulwe
15h30	15	<b>S08-21: Vulture conservation: a perspective in Gorongosa National Park</b> Diolinda Felix Mundoza	<b>S23-11: Breeding and moult seasonality in African weavers</b> Dieter Oschadleus	<b>S26-05: Movement analysis of rescued and captive-reared Lesser Flamingos from Kamfers Dam, Kimberley, South Africa, 2019-2022</b> Douglas M. Harebottle	
15h45	15	<b>S08-22: White-backed Vultures nesting on the Highveld in Zimbabwe</b> Josephine Mundava-Maringa	<b>S23-12: Moulting duration and symmetry, but not timing differed between two breeding colonies of Cape Gannets in South Africa</b> Oluwadunsin Emmanuel Adekola	<b>S26-06: The influence of physical-chemical variables on phytoplankton and Lesser Flamingo abundance in Lake Natron, Tanzania</b> Emmanuel Mgimwa	
16h00	30	Coffee break			
16h30-17h30	60	Awards and closing ceremony			
17h30		End of conference
