

## Posters

**1. Testing body size conformity to Bergmann's rule within an Afrotropical environment**

Emmanuel Adebija

**2. Connaissances ethnozoologiques et état de conservation des populations de vautour charognard (*Necrosyrtes monachus*) autour du Parc Pendjari et W Bénin.**

Farid Amadou Bahleman

**3. Crossbreeding Blacksmith's and Spur-winged Lapwings**

Samuel Lenard Chihana

**4. Population, distribution and viability of Black Storks at Sebakwe Poort, IBA**

Karen Kumbirai Chiro

**5. First observation of Cinereous Vulture (*Aegypius monachus*) in Burkina Faso adds to a recent increase in records in sub-Saharan West Africa**

Clément Dabone

**6. The lovebirds: knowledge gaps, research, and conservation opportunities for the African parrot genus *Agapornis***

Sascha Dueker

**7. Illegal killing, taking and use of birds in sub-Saharan Africa**

Consolata Gitau

**8. The costs of keeping cool: impacts of hot weather on behaviour of White-browed Sparrow-weavers (*Plocepasser mahali*)**

Whyte, Jaime

**9. Status and distribution of Lilian's Lovebirds (*Agapornis lilianae*) in Mana Pools National Park, Zimbabwe**

Abigail Karimanzira

**10. Control of invasive aquatic alien plant species in Zambia**

Swithin Kashulwe

**11. Critically Endangered vultures: the preliminary survey in Cameroon and conservation implications**

Irene Blondelle Kenfack

**12. Foraging and roosting behaviours of Hooded Vultures (*Necrosyrtes monachus*) in Kampala**

Micheal Kibuule

**13. Host genomic variation and beak and feather disease virus infection in crimson rosellas (*Platycercus elegans*)**

Candice Lachenicht

**14. First finding and assessing the impact of power lines on birds in Morocco**

José Rafael Garrido López

**15. Ecology and conservation of Red-billed and Yellow-billed Oxpeckers in northeastern Namibia**

Sinvula Lukubwe

**16. Strategic planning and stakeholder engagement for conserving Southern Ground-hornbill in Zimbabwe**

Peter Makhusa

**17. Rat control effectiveness on the productivity of Malagasy Pond Heron (*Ardeola idae*)**

Steeve Mathieu

**18. Approaches to studying breeding bird biology from a long-term project in Zambia**

Collins Moya

**19. Monitoring Chirinda Apalis (*Apalis chirindensis*) at Chimanimani National Park, Mozambique**

Antonio Ngovene

**20. Bird damage to rice fields of Grand-Bassam wetland (Côte d'Ivoire)**

Saint Guillaume Kadio Odoukpe

**21. Diversité et état de conservation des oiseaux d'eau du Lac de Buyo (Parc National de Taï, Côte d'Ivoire)**

Saint Guillaume Kadio Odoukpe

**22. Diversité et variation temporelle des oiseaux d'eau de la zone humide de Grand-Bassam**

Saint Guillaume Kadio Odoukpe

**23. Non-breeding regions of Eurasian Reed Warbler populations breeding in Finland, Jordan, and Kazakhstan: Using stable hydrogen isotope to show within-population difference and inter-population overlap**

Emmanuel Okposio

**24. A reviewed distribution of the Fox's weaver (*Ploceus spekoides*) a Ugandan endemic bird, calls for an urgent re-assessment of its conservation status**

Jonathan Onongo

**25. A remotely piloted aircraft system for marking live power lines in South Africa**

Lourens Leeuwner (email:lourensl@ewt.org.za)

**26. The Great Green Wall Initiative (GGWI) and the investment priority plan 2021-2030**

Abachar M. Zougoulou (email:zougoulou123@gmail.com)
